Court Shield Waterborne Finishes

The Court Shield line of wood floor products are high performance products specifically designed to hold up to rugged use on today's wood floors. The advanced waterborne technology in Court Shield finishes offer comparable durability to conventional solvent systems without the odors, longer application times, and slower dry times of solvent systems.

Pro-Floor Extreme

The ultimate in durable performance, Pro-Floor Extreme is a catalyzed premium finish offering unbeatable resistance to scuffing, marking, and scratching. Ideal for high traffic sports floors. Offers great traction and a deep shine that lasts. Use Pro-Floor Extreme on your highest profile, heavy wear floors.

Extreme Durability, Outlasts and outshines the competition.
Extreme Speed, Goes down fast, dries to recoat in 2-3 hours.
Extreme Curing: Ready to play in 24 hours.
Extreme Savings: Requires less recoating.

Packaging: 4 gallons per case
Part number 909203 (includes catalyst)

First Round

First Round is a single component, waterborne, penetrating seal that is for new or newly sanded wood floors. This product makes the ideal base for top-coating with Home Court Advantage or Pro-Floor Extreme. First Round is a non-stick coating that allows the wood to naturally expand and contract.

Packaging: 4 gallons per case
Part number 904993

Hi-Trac Cleaner

Hi-Trac is a concentrated, water dilutable cleaner for deep cleaning sealed wood floors. Removes oily residues while maintaining traction with regular use. Does not leave dulling residues. Can be used with a damp mop or auto scrubber and also to tack floors. Use for regular maintenance of wood sports floors.

Packaging: 4 gallons per case
Part number 910043

Ease of Application

Try some of the most user-friendly products in the industry: The Court Shield finishes are low foaming and self leveling, making application a breeze. The Court Shield finishes go down quick and easy with the Professional Floor Coater. Two people can coat a 10,000 square foot gym floor in about an hour. Court Shield finishes dry and cure fast. Floors can be reopened to activities in as little as 24 hours.

Maintain Your Wood Floors

Proper maintenance of wood floors helps keep them looking good while extending the life of the finish. Equally important on sports floors is to maintain a high traction surface for athletic activities. Hi-Trac is for use with all Multi-Clean wood finishes.

Professional Floor Coater

Weighted T-Bar application tool
Great for applying finishes fast and uniformly. Available in 18" or 24" widths. Order refill pads separately.
18 inch coater 829890
