Green Cleaning Solutions: Multi-Clean Partners with Fagan Solutions, Inc.

At Multi-Clean, a key component of our strategy is to be a resource of information, ideas, and products that makes the prospect of going green a reality for the users of our products. We are proud to announce that our company, along with our parent, Minuteman International, has partnered with Fagan Solutions, Inc. to further our efforts to become known as *'THE GREEN CLEANING SOLUTIONS COMPANY'*. Vince Fagan is a well known green expert, national speaker, and has close ties with the Healthy Schools Campaign and the U.S. Green Building Council. As a Multi-Clean distributor, we invite you to take advantage of our partnership with Fagan Solutions, [READ MORE](#)

White Paper: Cleaning to Protect Health in Healthcare

The Cleaning of Healthcare facilities (Hospitals, Nursing Homes, Clinics, etc) is a constant challenge. The Green Cleaning definition “Cleaning to Protect Health without Harming the Environment” takes on special meaning in healthcare. With Hospital Acquired Infections such as C. Difficile illnesses and anti-biotic resistant superbugs like MRSA presenting persistent problems, going green may not sound important. This month’s WHITE PAPER is titled Cleaning to Protect Health in Healthcare discusses the challenges and the opportunities to embrace green cleaning in healthcare and improve infection rates.
