

007 Double-O-Seven

Peroxide All Purpose Cleaner

Double-O-Seven is the one product for most of your cleaning needs. The combination of hydrogen peroxide (the “OXYgenator” which provides color safe bleaching and deodorizing) and biodegradable surfactants provides superior cleaning of all water safe surfaces, yet is very environmentally responsible.

Double-O-Seven is dilutable and can be used for cleaning most surfaces including: floors, countertops, grouted tiles, glass, sinks, kitchen degreasing, mirrors, etc.

Double-O-Seven is effective at removing greasy soils, dirt, and oils while brightening and deodorizing the surfaces at the same time.

Double-O-Seven does not contain any glycol ethers such as “Butyl”, phosphates, nonylphenols, or chlorine bleach.

Double-O-Seven is readily biodegradable, non-toxic, and not harmful to the environment when diluted according to directions.
