

12 HD Hi-Foam

Food Service Degreaser

H.D. HI-FOAM is chemically structured to develop a cleaning foam that dissolves and penetrates animal or vegetable greases quickly and thoroughly. Foam holds to vertical surfaces while cleaning activity emulsifies grease and grime. Contains high alkaline builders to bite into problem soils that are common in food handling areas.

Apply through a pressure washer, foam gun, or with a spray bottle. On concrete or quarry tiles floors, H.D. HI-FOAM may be mopped on.

Uses - meat markets, meat departments, supermarkets, bakeries, kitchens, appliances, dumpsters, ventilators, stove hoods, poultry plants, metal fabricating plants, factory areas. Use only on surfaces resistant to alkaline cleaners. Do not use on aluminum.

H.D. HI-FOAM meets USDA Performance Standards for A-1 type products.
