

X-RAY How to Demo

All-Purpose Peroxide Cleaner

Hydrogen Peroxide

X-Ray is a ready-to-use all purpose peroxide cleaner. The combination of hydrogen peroxide (H₂O₂) and biodegradable surfactants provides superior cleaning and deodorizing, yet is environmentally responsible.

This is a spray n' wipe cleaner for all surfaces found in homes, offices, schools, industry and/or food service.

Spray and Watch....

X-Ray will show you where dirt, grime and germs are hiding,,,just like an X-Ray. Just spray on a surface, and then watch for foam generation. Areas where you see foam being generated is where the germs are hiding and the oxygen is being released to do it's job....clean, brighten and deodorize.

See where the foam is being generated...

Where to use X-Ray:

- Restrooms
- Shower Rooms
- Kitchens
- Dining Rooms
- Class Rooms
- Break-Rooms
- Exercise Equipment
- Homes
- Industry
- Institutions

Safe Surfaces:

- Porcelain
- Chrome
- Vinyl
- Rubber
- Aluminum
- Stainless Steel
- Fiberglass
- Sealed wood
- Painted Surfaces
- Grout
- Plastic

Note:

Do not use on any acid sensitive surfaces, such as: marble, limestone etc. Hydrogen Peroxide Level: 0.9% X-Ray is not a registered disinfectant or sanitizer. No claims are made or implied.

This is where the germs are hiding!
