

80 Fury Degreaser is an advanced, heavy duty degreaser that removes oils and grease from a variety of surfaces. Use on concrete, painted surfaces, plastic, and metals, including aluminum, magnesium and alloy wheels. The controlled alkalinity of Fury Degreaser makes it ideal for shop degreasing at automotive repair facilities, industrial factories, and warehouses. Non-Corrosive: Controlled alkalinity provides degreasing power at a moderate pH to minimize safety and disposal concerns. Versatile: Use with cleaning equipment including pressure washers and auto-scrubbers. Also, use in spray bottles, mop buckets, or sprayer / applicators for general degreasing. Directions: Activate the Multi-Task Dispenser to obtain ready-to-use product OR measure 2 oz. (16 mL/litre) of concentrate for each gallon of water. Scrub or damp mop floor.
