

Product Information	
	
Product Name:	22 Bio-Shine
Description:	Daily floor cleaner
Dilution rate:	Use 3/4 oz concentrate per 1 quart of water for manual squeeze and pour mixing. The 2 liter has a built in metering tip so there is no need to adjust dilutions.
Product Uses:	Bio-Shine is used for mopping or scrubbing floors. It is mild and does not leave a dulling residue. Bio-Shine does not require rinsing and helps retain the shine on all types of floors.
Use on these Surfaces:	Mirrors, glass, countertops, tables, polycarbonate, stainless steel, Formica, brass, aluminum, vinyl.
Use with this equipment:	Use in spray bottles, mop buckets, auto scrubbers. Use with conventional microfiber, cotton wipes, sponge.
Use Restrictions:	None
