5. Fire Fighting Measures:
   - Suitable Extinguishing Media: Foam - CO2 - Dry Chemical
   - Special Fire Fighting Procedures: Water hose stream may spread fire, Use water spray to keep containers cool
   - Unusual Fire and Explosion Hazards: Do not spray near open flame or while smoking. At elevated temperatures over 54°C (130°F) containers exposed to direct flame or heat contact should be cooled with water to prevent weakening container structure.
6. Accidental Release Measures:
Remove all sources of ignition and ventilate area. Soak up spill with an inert absorbent and place into a designated disposal container. Consult local regulatory agency for proper disposition of material. Do not puncture or incinerate containers. When contents are depleted continue to depress button until all gas is expelled. Dispose of container in accordance with local, state and federal regulations.

7. Handling and Storage:
Handling: Avoid breathing vapor. Keep away from heat and flame. Use with adequate ventilation. Do not puncture or incinerate containers.
Storage: Do not expose to direct sunlight or store at temperatures above 130°F (54°C). Store as Level 1 Aerosol (NFPA 30B).
