

# Pressure NB

## Industrial Degreaser

Pressure NB is a non-corrosive yet powerful industrial degreaser formulated with water-based solvents and other compatible cleaning agents to achieve thorough, heavy-duty degreasing. Pressure NB can be used indoors/outdoors with automatic scrubbing machines, mops, scrubbing brushes and is ideal for use in high pressure washers.

### Pressure Washers

Pressure NB is formulated to perform effectively with both upstream and downstream pressure washer chemical injectors.

### Cleans And Degreases

Pressure NB can be used to clean common soils from floors, walls, ceilings, and any surface that is resistant to alkaline cleaners.

Pressure NB is excellent for removing grease and dirt from kitchen surfaces, stove hoods and industrial floors. It removes grease deposits from most machinery and is safe for use on aluminum. Pressure NB can also be used on siding, decking, and sidewalks with high pressure machines.

### Environmentally Friendly

Pressure NB is biodegradable and contains no petroleum distillates, phosphates, NPE's, caustics or butyl. The water-based solvents used in Pressure NB are more effective and have a safer health profile than "Butyl," (2-Butoxy Ethanol).

Meets USDA performance standards for A-4 Type products.

*NOTE: Use only on surfaces resistant to alkaline cleaners. Floor finish and other sensitive surfaces may be adversely affected.*

*Safety First: Rubber gloves and safety eyewear should be used when cleaning by hand.*

Pressure NB is formulated to perform effectively with both upstream and downstream pressure washer chemical injectors.

**Pressure NB is formulated with water based solvents for economical, yet effective degreasing.**

### Properties

Appearance .....	Blue liquid
pH .....	10-11
Specific Gravity .....	1.00
Flashpoint .....	None
Use Dilution .....	Heavy Duty - 8 -16 oz/gal of water Normal - 2 - 4 oz/gal of water
Foamability .....	Moderate
Hardwater Tolerance .....	Yes
Detergency .....	Excellent
Biodegradable .....	Yes
Phosphate Free .....	Yes
Storage Stability .....	Excellent, 1 year normal conditions
Freeze-Thaw Stability .....	Will freeze - usable after thawing with no change in performance. Agitate after thawing.

VOC compliance:

EPA, CA, IL, IN, MI, OH, OTC, UT, and Canadian regulations.

Formerly known as Non-Butyl Plus

### Packaging

55 gallon, 910427  
1 gallon, 910423
