Pressure NB is a non-corrosive yet powerful industrial degreaser formulated with water-based solvents and other compatible cleaning agents to achieve thorough, heavy-duty degreasing. Pressure NB can be used indoors/outdoors with automatic scrubbing machines, mops, scrubbing brushes and is ideal for use in high pressure washers.

**Pressure Washers**
Pressure NB is formulated to perform effectively with both upstream and downstream pressure washer chemical injectors.

**Cleans And Degreases**
Pressure NB can be used to clean common soils from floors, walls, ceilings, and any surface that is resistant to alkaline cleaners. Pressure NB is excellent for removing grease and dirt from kitchen surfaces, stove hoods and industrial floors. It removes grease deposits from most machinery and is safe for use on aluminum. Pressure NB can also be used on siding, decking, and sidewalks with high pressure machines.

**Environmentally Friendly**
Pressure NB is biodegradable and contains no petroleum distillates, phosphates, NPE’s, caustics or butyl. The water-based solvents used in Pressure NB are more effective and have a safer health profile than “Butyl,” (2-Butoxy Ethanol).

**Properties**
- **Appearance** ............... Blue liquid
- **pH** ................................ 10-11
- **Specific Gravity** ............ 1.00
- **Flashpoint** .................... None
- **Use Dilution** ................. Heavy Duty - 8 - 16 oz/gal of water  
                                Normal - 2 - 4 oz/gal of water
- **Foamability** ................... Moderate
- **Hardwater Tolerance** ....... Yes
- **Detergency** ................. Excellent
- **Biodegradable** .............. Yes
- **Phosphate Free** ............. Yes
- **Storage Stability** .......... Excellent, 1 year normal conditions
- **Freeze-Thaw Stability** ...... Will freeze - usable after thawing with no change in performance. Agitate after thawing.

**Packaging**
- 55 gallon, 910427
- 1 gallon, 910423

**NOTE:** Use only on surfaces resistant to alkaline cleaners. Floor finish and other sensitive surfaces may be adversely affected. Safety First: Rubber gloves and safety eyewear should be used when cleaning by hand.
