

Everlast

BATHROOM CLEANER AND PROTECTOR

**Multi
Shield**

Everlast is a revolutionary product that cleans and protects in one step. After cleaning, restroom surfaces are left with an invisible protection that repels common soils, dust, and prevents water spotting. Surfaces stay clean longer and are easier to clean. It even helps neutralize odors.

No More Soap Scum: Once surfaces are cleaned, soap scum won't stick to tub and shower surfaces, making future cleaning much easier. Works on porcelain, ceramic, acrylic tub surrounds, chrome, and countertop laminate.

Chrome Surfaces Shine: Multi-Shield protection prevents hard water spotting and mineral buildup that can dull chrome surfaces.

Multi-Shield Protection modifies the surface at the molecular level after cleaning. The cleaned surface allows water to sheet off surfaces rather than pooling or beading. Surfaces dry fast with no water spotting. The modified surface repels dust, common organic soils, soap scum, and hard water spots.

Not for use on marble or granite.

Multi-Shield leaves surfaces with an invisible layer of protection that repels common soils. Surfaces stay clean longer and are easier to maintain. It even helps neutralize odors.
