

DURA-BOWL

Organic Acid Cleaner and Protector

Multi
Shield

Dura-Bowl is a revolutionary controlled acidity bowl cleaner which cleans and protects toilet bowls and urinals in a single step. After cleaning, porcelain toilet bowls and urinal surfaces are left with an invisible protection that repels organic soils, uric acid deposits, and prevents water spotting. Surfaces stay clean longer and are easier to clean. It even helps neutralize odors.

Controlled acidity: With a pH greater than 2.0, The organic acid used is safer for people and the environment. Use to replace harsh acid products that can be destructive to other surfaces.

Hard Water Resistant: Hard water buildup and toilet bowl rings are a thing of the past. Other soils, uric acid and feces are more easily removed from the protected surface.

Waterless Urinals: Dura-Bowl can also be used on plastic surfaces and is safe for waterless urinals. Won't harm chrome, and most other surfaces. Not for use on marble.

Can be used to clean and deodorize other surfaces include washbasins, bathtubs, shower stalls, drinking fountains, sinks and other surfaces. Not for use on marble surfaces.

Multi-Shield leaves surfaces with an invisible layer of protection that repels common soils. Surfaces stay clean longer and are easier to maintain. It even helps neutralize odors.

- Cleans and protects in one step
- Helps prevent hardwater buildup
- Soils don't adhere easily
- Makes cleaning easier the next time
