Fury Degreaser is a heavy-duty, low-foaming industrial strength degreaser formulated to attack grease and grime. It is recommended for cleaning concrete floors and other areas where heavy-duty industrial degreasing is required.

- Spontaneously emulsifies oily soil - works fast; effective in any automatic scrubbers.
- Contains NO solvents - safer for workers and the environment
- Innovative formula - produces better cleaning while saving time and labor
- Low Foaming Degreaser. Any foam that is generated in recovery tanks will break quickly, so it will not build-up.

*Use only on surfaces resistant to alkaline cleaners. Aluminum, floor finish and other sensitive surfaces may be adversely affected.*

PowerBulk is a unique system of highly soluble super concentrated matched liquid components. When mixed with local water, these components produce full strength products.

**Starter Kit:**
Get started with this program, a starter kit is available that includes 5 gallon Bag-in-Boxes of super concentrate and a new 55 gallon plastic drum. Each starter kit comes with enough chemical to make 55 gallons of ready-to-sell concentrate.
