Inactivates Viral Pathogens

This kit is designed to allow anyone to quickly make disinfectant solutions which are effective against contagious viral and bacterial pathogens including Human Corona Virus, Influenza, Adenovirus and many others.

64 Millennium Q (EPA Reg no. 1839-95-5449) has demonstrated effectiveness against viruses similar to 2019 novel coronavirus (SARS-CoV-2) on hard, non-porous surfaces. Therefore, this product can be used against SARS-CoV-2 when used in accordance with the directions for use against Norovirus (Norwalk Virus) on hard, non-porous surfaces.

Check List of High Touch Critical Surfaces:

- Bedrails
- Tables
- Light switches
- Door knobs
- Hand rails
- Window sills
- Desk tops
- Chairs
- Telephones
- Door frames

Viral Deluxe Kit - Order Part number 903020

Fill mixing bottle with water up to within 2.5 inches from top. Empty the 2 oz bottle of Millennium Q into the mixing bottle, place cap on bottle, gently mix.

Fill quart bottles with ready to use solution you just made. Attach trigger sprayer or flip top cap.

Apply to surface directly or pre-moisten cloth and wipe surface. Surface must stay moist for 10 minutes. Allow to air dry.
