

Letter of Continuing Guarantee

Product Name: Millennium Q 64 Disinfectant Cleaner

Multi-Clean, the manufacturer of the product listed above hereby guarantees the product listed complies with 9CFR Section 416.4(c) and USDA Sanitation Performance Standards Compliance Guide Appendix 2, Chemical Use Standards, Sanitizers and Disinfectants. Last Revised March 4, 2016.

Product Description: Multi-Clean Millennium Q 64 is an EPA registered cleaner and disinfectant number 1839-95-5449

The product meets the profile of USDA's former classification "**D1 Antimicrobial Agents always requiring a water rinse**".¹

Millennium Q 64, when applied as directed to food contact surfaces in food processing or food service establishments always requires a potable water rinse after the prescribed contact time. Heavily soiled surfaces may require a pre-cleaning step.

The product referenced above is not a food additive. Cover, protect or remove food items from the area prior to cleaning and sanitizing. Always follow instructions on the product label.
